**Postal Regulatory Commission Docket No. A2013-7**

**Postal Service Docket No. 1363326 - 32034**

**Petitioner's Motion to Extend the August 21, 2013 Filing Date Deadline for the "Petitioner's Form 61 or initial brief in support of the petition" by Two Weeks**

Petitioner:

David A. Granger  
PO Box 75

**Petitioner's Motion to Extend the August 21, 2013 Filing Date Deadline for the "Petitioner's Form 61 or initial brief in support of the petition" by Two Weeks:**

The Petitioner respectfully requests that the Postal Regulatory Commission extend the August 21, 2013 Filing Date Deadline for the "Petitioner's Form 61 or initial brief in support of the petition" by two weeks, to **September 4, 2013**.

The Petitioner respectfully requests approval of this request no later than Tuesday, August 20<sup>th</sup>, so other arrangements can be made if necessary. Grounds for this request:

1. The Postal Service has delivered the Administrative Record in three parts (to date), of which two parts were beyond the original deadline of August 1<sup>st</sup>, one of which was just delivered on August 14<sup>th</sup>. This reduces the time available to the Petitioner to research the record and prepare complete arguments to support the appeal.
2. The Petitioner, David A. Granger, will be traveling outside the United States for a full week, leaving Friday evening, August 16<sup>th</sup> and returning Saturday, August 24<sup>th</sup>. Petitioner will have limited access to the internet, and limited time in which to prepare the Form 61 response.

The Petitioner realizes this would likely require extensions of the other two filing deadlines that follow on September 4<sup>th</sup> and September 16<sup>th</sup>. However, in light of the filing time line of the Administrative Record by the Postal Service, a two week extension seems reasonable and appropriate.

Petitioner respectfully requests that the Postal Regulatory Commission extend the August 21, 2013 Filing Date Deadline for the "Petitioner's Form 61 or initial brief in support of the petition" by two weeks, to September 4, 2013, and also take action as the Commission deems appropriate with regard to the other two filing deadlines.

Thank you for considering this request.

Respectfully,

David A. Granger
